I was stationary on Pine St. when I observed a black Lincoln LS (OH-CT15QV) eastbound on W. Indiana Ave at what I estimated to be 38 mph. The Lincoln was also following the car in front of it at approximately one car length. I activated laser unit UX014977 and it displayed readings of 40 mph, 39 mph, and 39 mph from 250.8 feet. I stopped the Lincoln and identified the driver as Kyle E. Johnston. When I explained the violations to Mr. Johnston, he advised that he was late for a wedding and asked how long this was going to take. Mr. Johnston was cited for Speed (ORC 4511.21 B2; MM). He was unable to find his current insurance card. Calibration checks were done at 1600 hours and 1840 hours.
